7	Mohammad Salman Bhat	District Programme Manager (Livelihoods)	<p>I have a request to make regarding the list of eligible and ineligible candidates for the above mentioned positions. I would like to present my case below: I do not have any objections as such regarding the list but I would like to extend my request if there is any possibility of reconsidering my case. I had not been shortlisted as the eligible candidate. The remarks provided however are genuine. The required post qualification working experience needs to be 60 months. In my case, I possess the relevant experience of 59 months. Considering the opportunities of employment in Kashmir, which are very scarce, I consider this chance as a golden opportunity. Just mere deficiency of one month of post qualification experience is not worth to disapprove me, considering the implications it would incur in coming times. Keeping in view the employment opportunities, age and other social obligations I may be given a chance. In this regard, I humbly request your goodness if you could please give relaxation purely on humanitarian grounds, that surely will prove beneficial to my career at this crucial juncture. That will be very kind of you</p> <p>Respected and esteemed officials This mail is regarding the notification of 20 November in which my rejection reason you have mentioned in one list is insufficient experience and in another no experience. I wonder why you have mentioned like that because my academic qualification is : 1. MBA from Jamia University Delhi 2. Master of rural development from IGNOU 3. Post graduation diploma in rural development from IGNOU 4. Master of public administration from IGNOU (Pursuing still) Moreover I have more than 5 year post qualification MBA experience. Early response will be remembered.</p> <p>On Examining your application form it was found that you don't possess the sufficient post qualification experience. I have been working with ActionAid International since 2008 on various projects in different managerial capacities. I have completed my MA in rural development.</p> <p>As mentioned in the notice my experience certificates have not been found with the application form (although I have already attached at the time of submission), I can re-submit them when/as needed.
